

Dayton SPIN Meeting
Thursday, August 26, 2010
6:00pm

Location
Sinclair Learning Center
at
Miami Valley Research Park
Suite 100 – Room 112
1900 Founders Drive, Kettering, OH

Note: Please park in the North parking lot and enter the building through the NORTH entrance on the lower level

Meeting Facilities Sponsored by: Systems and Software Consortium, Inc.

You are invited to attend the August meeting of the Dayton SPIN. Involvement with the Dayton SPIN is a great opportunity to interact with other engineering, quality and process improvement professionals in your community. There is no cost to attend. Attendees learn new techniques and share lessons learned from their experience. Please extend this invitation to any other persons who may benefit from learning more about how to apply CMMI® and other process improvement approaches in their organizations. Walk-ins are welcome. Door prizes are provided.

Program Topic:
“CMMI 1.3, Appraisal and CMMI FAQ”

1. Updates on the Capability Maturity Model Integration (CMMI) v1.3

We will provide current details of the updates being made to CMMI that will be released as version 1.3. A draft of the CMMI models for Development, Acquisition, and Services were released to SEI Partners for review in July and we will discuss the details of these drafts as well as expectations for the other components to be released, including the updates to the SCAMPI A Method Description Document and CMMI training courses.

2. Discussion of what to expect in a Standard CMMI Appraisal for Process Improvement (SCAMPI)

We'll discuss frequently asked questions about SCAMPI appraisals and provide opportunity to ask appraisal or CMMI related questions to a panel of seasoned certified Lead Appraisers.

3. Program Planning for the Dayton SPIN 2010-2011 year

We'll elicit your input for program topics to include in the program planning for the period of September 2010 through June 2011 for the Dayton SPIN. This program will provide an opportunity to learn the current direction and trends of the CMMI, SCAMPI, and the Software Engineering Institute as well as an opportunity to help focus the meetings over the next year in a direction most suited to your interests.

Speakers

Kathy Smith and Mike Evanoo

Kathy Smith is an SEI-Certified SCAMPI® High-Maturity Lead Appraiser and has worked at HP for over 20 years, in roles including developer, project manager, and SEPG leader. Ms. Smith was a member of the corporate team that developed common global processes for HP. She is currently the HP Applications Services CMMI lead, providing strategic direction for organizational improvement and quality. Ms. Smith has completed Six Sigma Black Belt training and ISO Internal Auditor training, and is a member of the Dayton SPIN Program Committee and a member of the SEI CMMI V1.3 Core Model Team and High Maturity Team.

Mike Evanoo has more than 25 years of experience in quality management, measurement, process management and project management. He is currently at SSCI and specializes in measurement, Six Sigma, and CMMI high maturity areas and in translating these concepts to enable measurable and sustained returns from improvement activities. Mr. Evanoo is a Certified Quality Engineer, SEI-certified High Maturity SCAMPI® Lead Appraiser for CMMI®, a Six Sigma Black Belt, and a certified Scrum Master.

Agenda

6:00 P.M. Light refreshments, networking and brief announcements

6:30 P.M. The program
