

**Announcing the  
Twenty-First Annual Fall Joint Meeting of  
Miami Valley Computing Societies**

**Wednesday, September 23, 2009  
at the David H. Pointz Center, Sinclair Community College**

**Dinner Registrations must be received by September 18, 2009.** See the attached brochure for program details.

**Topic:**

Leveraging Information Technology in Healthcare: PHP's eSynergy Initiative

**Presented by:**

Chris Cotterill-Townsend, Gary Ginter, Jim Strang, Steve Walker

Our speakers will begin with an overview of the eSynergy Initiative at Premier Health Partners. The Project Manager will discuss the benefits and challenges of this huge undertaking and of working with multiple hospitals with differing cultures. An Electronic Medical Records expert will reveal the benefits of an EMR and how privacy and security issues are addressed.

Finally, for the hardware types, an infrastructure expert will discuss the networking, hardware and software deployment perspective.

The Joint Meeting Dinner Reservation Form in the attached brochure must be completed and returned to Sandy Feola by Friday, September 18.

All Dayton SPIN members are invited to attend this informative event. The Dayton SPIN is a participating society. A copy of the CMMI<sup>®</sup> for Development, Version 1.2 Guidelines for Process Integration and Product Improvement (\$50 value) will be given away. Visit the Dayton SPIN display booth to enter the drawing.
